

GARAGE STORAGE

QLCAB2.5 MODEL 2.5 GARAGE CABINETS

PRODUCT DESCRIPTION

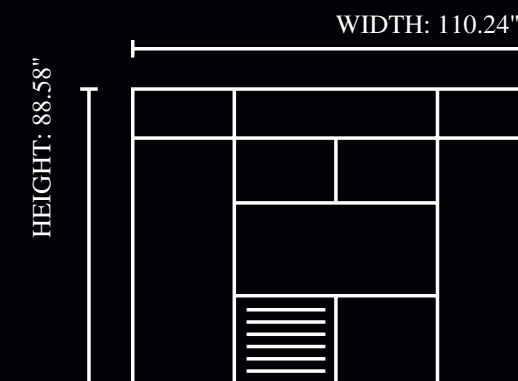

- Model 2.5 combines tall cabinets, overhead storage, drawers and a central work surface in one coordinated garage cabinet system.
- Stainless steel countertops provide a durable work surface. Pegboard storage keeps frequently used tools visible and within reach.
- Three upper cabinets use gas struts. Two upper-middle double-door cabinets and two tall side cabinets expand enclosed storage.
- One six-drawer cabinet uses ball-bearing rollers. One single-door base cabinet includes two inner shelves; side cabinets include three shelves each.
- Locking doors with keys secure stored items. A pegboard hanging kit and switched magnetic light bars are included.
- Free local delivery within 25 miles of Gilbert, AZ. Local assembly and installation are available. Nationwide shipping is available.
