GARAGE STORAGE

QLCAB2

MODEL 2 GARAGE CABINETS

PRODUCT DESCRIPTION

- Model 2 combines tall cabinets, overhead storage, drawers and a central work surface in one coordinated garage cabinet system.
- Stainless steel countertops provide a durable work surface. Pegboard storage keeps frequently used tools visible and within reach.
- Four upper cabinets use gas struts. Four upper-middle double-door cabinets and two tall side cabinets expand enclosed storage.
- Two six-drawer cabinets use ball-bearing rollers. Two single-door base cabinets include two inner shelves each; side cabinets include three shelves each.
- Locking doors with keys secure stored items. A pegboard hanging kit and switched magnetic light bars are included.
- Free local delivery within 25 miles of Gilbert, AZ. Local assembly is $350; assembly plus installation is $750. Nationwide shipping is available.
