

OIL DRAIN

18-GALLON MOBILE OIL DRAIN

PRODUCT DESCRIPTION

- Collect used lubricating oil in an 18-gallon reservoir during vehicle maintenance. Position the drain below the vehicle drain point before opening it.
- Adjust the funnel height from 44 to 68 inches to suit your service position. The height-adjustment clamp secures the collection tube.
- The 17-inch-diameter funnel holds approximately 2.6 gallons and provides a wide collection area for draining oil.
- Pressurized self-evacuation uses shop air to transfer collected oil through the discharge hose. Follow the pressure limits on the installed unit.
- A mobile wheeled base and swivel casters make the drain easy to position around the shop. Move carefully to prevent spills.
- Free local delivery within 25 miles of Gilbert, Arizona. Nationwide shipping is available for \$99.99.

OIL DRAIN

18-GALLON MOBILE OIL DRAIN
